Evidence and impact	Next Steps	
Children are more active at lunch time. It has shown more activities are available at Lunch times and children are more engaged.	Purchase more equipment to be used at lunch times including bikes.	
Children can now access a full range of the PE curriculum and any broken equipment has been removed and replaced. The children now have a full javelin set and dodgeball set both popular items the children decided upon.	To keep checking the PE inventory.	
	Look at ways to implement the Mile a day.

Evidence and impact	Next Steps	

Many afterschool clubs are over subscribed. Children have a wider range of choice in the clubs they access.	To keep children engaged and wanting to stay throughout the half term in their chosen clubs.
Percentage of total allocation: %	
Evidence and impact	Next Steps
More children in KS1 are attending competitions.	To encourage more children from KS2 to engage in festivals.
Children are attending more festivals and overall we are getting better results than previous years in the festivals.	Continue to teach and promote the sport before the competitions.
Last years sports week was very sucessful and the children really enjoyed trying out new and different sports. Some children even took up the sport in clubs outside of school ie football, tennis and dance. This year we are hoping to promote healthy lifestyles.	Have a wide range of sports and healthy living.
Children are more active when using the fitbit. All children are more aware of how active they are during the school day.	To begin using the fitbits in a competitive way.
